SCHOOL COMMITTEE

STATEMENT OF SCHOOLS, TEACHERS EMPLOYED, ETC.

CENTER SCHOOL

Eva M. Smith

No. of pupils enrolled	22
Average membership	18.41
Average attendance	16.95
No. over 15 years	1
“ under 5 years	1
“ between 7 and 14	17

Charles and George Burt, Lillian and Louise Clapp, Henry Raymond and Evelyn Hathaway have no tardy mark and have lost but one or two days through the year.

The roof leaked so badly that we were obliged to shingle one side.

NORTH-WEST SCHOOL

Ruth J. Bridgman

No. of pupils enrolled	16
Average membership	13.46
Average attendance	11.93
No. of pupils over 15 years	0
“ “ “ under 5 years	0
“ “ “ between 7 and 14 years	13
“ “ weeks' school	34

The new school building is a very great improvement on the old one, and there is now plenty of room for a playground, and is sheltered from the cold northeast storms. The schoolhouse is much larger than the old one, but if a new one was to be built, we should advise making it at least four feet longer.

NORTH-EAST SCHOOL

Mabel L. Flint, C. M. Crosby

No. of pupils enrolled	14
Average membership	12.4
Average attendance	11.65

No. of pupils over 15 years	0
No. of pupils under 5 years	0
“ “ “ between 7 and 14 years	9
“ “ weeks school	34

It was unfortunate for this school that we were obliged to change teachers, as it takes several weeks for a new teacher to find just what the pupils can do, and where a teacher comes from another state, the books are different and the method of teaching is so different that the teacher can hardly get to work successfully during the year.

LOUDVILLE SCHOOL

Mary C. Powers

No. of pupils enrolled	32
Average membership	17
Average attendance	15.2
No. of pupils over 15 years	0
“ “ “ under 5 years	0
“ “ “ between 7 and 14 years	23
“ “ weeks school	36

The apparent discrepancy between the number of pupils enrolled and the average attendance was caused by the removal of several families from town. Alice Connolly has no tardy mark, but was obliged to stay at home two days during the year on account of sickness.

SOUTH SCHOOL

Flora B. Collins, Ethelwyn M. Clark

No. of pupils enrolled	17

Average attendance	11.6
No. of pupils over 15 years	0
“ “ “ under 5 years	0
“ “ “ between 7 and 14 years	14

The record of attendance in this school has been remarkably good, although there has been no one not absent or tardy. Several have been absent but one or two days. Taking into consideration the fact that almost everyone has to walk a mile or more, it is certainly worthy of commendation.

There were so few pupils to attend the Hill School that your committee did not think it best to have a school there, and made an arrangement to send the pupils to the other schools, and in this way the balance this year is so large that we can add another week to the length of our school year—or raise by taxation a little less money. If in any case it should become necessary to maintain a school on the Hill, the balance left to the credit of schools will not be larger than what is needed.

The town this year has paid over eight hundred dollars to the Smith Industrial school, but will get back one-half the amount paid for tuition from the state, but the four hundred dollars is quite an addition to the amount we have to raise by taxation, when we could draw back from the state the whole amount paid out if these pupils had attended a high school.

REPORT

OF THE

Superintendent of Schools

To the School Committee:

Gentlemen:—

I respectfully submit the annual report of the Superintendent of Schools for the past school year.

At the opening of the schools in September there were few changes in the list of teachers, the only new teacher being Miss Marion E. Lyman, who was recently graduated from the Northampton high school. We are especially fortunate in being able to retain in town so many of the teachers who were here last year. The value of a teacher's services increases rapidly as she becomes familiar with the conditions and methods of work in a community.

The work in the schools has been carried on along the same general lines as in the past. We try to make a con-

stant improvement in the standard of the schools and to put especial emphasis upon the studies that seem to be of the most importance to the pupils.

The following statistics are taken from the reports of the teachers for the school year 1907-1908.

School	Whole Number	Average Membership	Average Attendance	Per Cent. of Attendance
Center	22	18.41	16.95	92
Hill	16	12.23	10.75	87
South	17	12.59	11.62	92
North east	14	12.04	11.65	96
North-west	16	13.46	11.93	88
Loudville	32	17.01	15.28	89

The report from Loudville includes the pupils from Northampton and Easthampton.

LOUDVILLE.

According to agreement the school in Loudville is under the control of the Westhampton school committee, and the expense of maintaining the school is divided among the towns of Northampton, Easthampton and Westhampton in proportion to the number of days of attendance by the pupils of the three towns. The following report shows the number of days of attendance from each town and each town's share of the expense of maintaining the school:

DAYS OF ATTENDANCE FOR 1908—1909.

Northampton	1,060 $\frac{1}{2}$
Westhampton	1,001 $\frac{1}{2}$
Easthampton	611
